Did Chinese Inverter Batteries contain undocumented cellular radios?

Undocumented cellular radios were also found in some batteries from China. Solar Panels Cordon Press. U.S. energy officials have found "unexplained" communications equipment inside some Chinese-made inverter devices, according to a report by Reuters published Wednesday.

Did Chinese inverters have unauthorized communications equipment?

Solar Panels Cordon Press. U.S. energy officials have found "unexplained" communications equipment inside some Chinese-made inverter devices, according to a report by Reuters published Wednesday. The document reveals the presence of unauthorized and fraudulent communication devices in several Chinese-made solar power inverters.

Are Chinese power inverters a threat to US energy?

In the wake of the revelation, U.S. energy officials are reassessing the risk posed by Chinese-made devices that play a critical role in the country's renewable energy infrastructure. Power inverters, produced primarily in China, are used around the world to connect solar panels and wind turbines to the power grid.

Are Chinese solar panels a threat to national security?

An organization is calling for an investigation into the national security risks posed by Chinese-made solar products. Power inverters can be found in solar panels and wind turbines that are connected to the electricity grid as well as batteries, heat pumps, and electric vehicle chargers.

The meaning of THERE is in or at that place --often used interjectionally. How to use there in a sentence. There vs. They're vs. Their
