What is Argentina's first energy storage tender?

(USD 1.0 = EUR 0.860) Loading... Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that significantly exceeded the 500-MW target.

Why is Buenos Aires investing \$540 million in energy storage?

The \$540 million investment in energy storage isn't just about keeping the lights on in Buenos Aires. It's a strategic bet on a more flexible, reliable, and sustainable energy future for Argentina - and potentially, a blueprint for the entire region. What role will energy storage play in your country's energy transition?

Why is Argentina a good stance on energy storage?

In Argentina, the stance provides a good lesson to the European stakeholders, especially in the commercial and industrial segments of energy storage. Emerging markets can present both local and foreign players by developing tenders that are investment appropriate and clear technically and financially secured.

This national and international open call, part of Resolution SE 67/2025, marks Argentina's first large-scale effort to integrate new electricity storage infrastructure into urban ...

The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the Buenos Aires Metropolitan Area (AMBA) grid. ...

The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the ...

Argentina has received more than 1.3GW of energy storage applications for its first battery energy storage system (BESS) tender.

Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that ...

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in Latin America.

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in ...
