What is Hi-mo 6 panel?

The Hi-MO 6 Panel has been greatly improved in terms of appearance, performance, reliability, and intelligent optimization function with the HPBC high-efficiency cell. In terms of appearance, Hi-MO 6 simplifies complexity and redefines the concept of PV module aesthetics.

What is Hi-mo 6?

LONGi's pioneering launch of the Hi-MO 6 product family offers more choices to meet diverse global needs and create a new green energy experience. LONGi knows how to use the energy wisely. With epoch-making technology, Hi-MO 6 product family empowered every user to live in the future.

What is a Hi-mo X6 bifacial dual-glass module?

The Hi-MO X6 Bifacial Dual-Glass modules are engineered to overcome these challenges, offering unparalleled reliability and performance in even the most demanding conditions. Innovations for a Sustainable Future

What is the Hi-mo X6 series?

The Hi-MO X6 series is the culmination of LONGi's relentless innovation in response to the evolving demands of the PV market. With over 40% of global regions classified as Damp Heat (DH) climates, the challenges for PV modules in these areas are substantial, ranging from leakage degradation to adhesive film yellowing and hydrolysis reactions.

Designed for versatility, the Hi-MO X6 Bifacial Dual-Glass modules cater to a wide range of PV application scenarios, such as distributed roofs, PV carports, and winter gardens.

LONGi has launched its groundbreaking Hi-MO X6 bifacial dual-glass module at the 19th edition of China's International Solar Energy Utilization conference in Jinan.

This is our PV system project in Italy, total capacity 320KW, using NUUKO brand 550W solar panel total 589pcs! NUUKO provides customers with a complete set of solutions, design drawings ...

LONGi showcased its new Hi-MO X6 Bifacial Dual-Glass solar modules during the 19th China (Jinan) International Solar Energy Utilization Conference. The Hi-MO X6 Bifacial ...

LONGi's pioneering launch of the Hi-MO 6 product family offers more choices to meet diverse global needs and create a new green energy experience. LONGi knows how to use the energy ...

LONGi has launched its groundbreaking Hi-MO X6 bifacial dual-glass module at the 19th edition of China's International Solar ...

The LONGI HIMO6 photovoltaic panel is designed to maximise light absorption, without any shading from the bus bar on the front face of the ...

The LONGI HIMO6 photovoltaic panel is designed to maximize light absorption without any shading given by the bus bar on the front face of ...

As an emerging factory, we prioritize competitive pricing, exceptional quality, and unparalleled service to build enduring customer relationships. Rest assured, our offerings will exceed your ...

Hi-MO 6 has been greatly upgraded in appearance, performance, reliability and intelligent optimization function with HPBC high-efficiency cell. In terms of appearance, Hi-MO 6 ...

Hi-MO 6 has been greatly upgraded in appearance, performance, reliability and intelligent optimization function with HPBC high-efficiency cell. In ...

The LONGI HIMO6 photovoltaic panel is designed to maximize light absorption without any shading given by the bus bar on the front face of the panel. This allows for better performance ...

The LONGI HIMO6 photovoltaic panel is designed to maximise light absorption, without any shading from the bus bar on the front face of the panel. This allows for better performance in ...

Designed for versatility, the Hi-MO X6 Bifacial Dual-Glass modules cater to a wide range of PV application scenarios, such as ...

The Longi 620W Bifacial Double Glass Solar Panel is a high-performance photovoltaic module designed for utility-scale, commercial, and industrial solar installations.

LONGi showcased its new Hi-MO X6 Bifacial Dual-Glass solar modules during the 19th China (Jinan)
