What is a custom manufactured switchgear?

Our custom manufactured switchgear solutions are designed to meet companies' specific power distribution equipment needs, and we are known as the preferred choice among custom switchgear manufacturers. We offer a wide range of stainless-steel, metal-enclosed, and metal-clad switchgear, as well as switchboards ranging from 208V to 38kV.

How can Resa power help you with switchgear manufacturing services?

As a business owner, it is important to be prepared for this increase, and RESA Power can help you with our switchgear manufacturing services. As a leading electrical switchgear manufacturer and switchgear distributor, RESA Power has manufacturing facilities strategically located across the United States and Canada.

Why do you need a switchgear manufacturer?

When it comes to protecting and powering your electrical distribution systems, having the right equipment is crucial. As a leading provider of switchgear manufacturing services, we offer best-in-class components and expert solutions designed to help you optimize your supply chain and minimize downtime.

What is switchgear used for?

It is also found in industrial applications such as the mining industry, steel works or paper industry, offshore platforms and ships. Switchgear configuration depends on function. Arc insulation is by air, gas, oil or vacuum. Switchgear is designed for either outdoor or indoor use, depending on the configuration of the installation.

Find your switchgear easily amongst the 267 products from the leading brands (ABB, DOWEI, Ningbo Tianan, ...) on DirectIndustry, the industry specialist for your professional purchases.
