---

The 110-megawatt (MW) battery portion of the Paris Solar-Battery Park went online this month. The 200-MW solar portion of the project went into service in December. The ...

Wisconsin's first large-scale energy storage project, the Paris Solar-Battery Park in Kenosha County, is now providing power to the grid. ...

The 110-megawatt battery portion of the Paris Solar-Battery Park came online in June 2025. The 200-MW solar portion of the project went into service in December 2024. The storage facility is ...

Wisconsin's Paris Solar-Battery Park, the state's first large-scale energy storage project, is now operational. The park's 12,000 ...

The BESS can deliver enough power to 130,000 homes for four hours, according to the release. It stores excess generation from the solar during sunny day times and discharges ...

We Energies announced on Tuesday that the Paris Solar-Battery Park in Kenosha County has started serving customers on the energy grid. While the 200-megawatt solar ...

Wisconsin's first large-scale energy storage project--the Paris Solar-Battery Park in Kenosha County--is now serving Madison Gas and Electric (MGE) customers.

Officials say the storage facility is made up of batteries that are capable of powering over 130,000 homes for hours. They add that on sunny days, the batteries will store excess power and then...

The BESS can deliver enough power to 130,000 homes for four hours, according to the release. It stores

excess generation from the solar ...

Wisconsin's Paris Solar-Battery Park, the state's first large-scale energy storage project, is now operational. The park's 12,000 lithium-ion batteries can power over 130,000 ...

Construction is nearing completion on the 110-megawatt (MW) battery storage facility at the 200-MW Paris Solar-Battery Park in Kenosha County. The battery is expected to ...

The first large-scale battery energy storage system (BESS) in Wisconsin, the 110 MW Paris Solar-Battery Park, is now operational. This facility is integrated with 200 MW of ...

Wisconsin's first large-scale energy storage project, the Paris Solar-Battery Park in Kenosha County, is now providing power to the grid. It's comprised of around 12,000 lithium ...
